HOSTED EXCHANGE

Service Description

Looking for an enterprise-level messaging, collaboration, and mobility solution that won't break the bank? Stanton Street has the solution with our Hosted Microsoft® Exchange and available Blackberry® Enterprise Server.

Get the same calendar, tasks, contacts, messaging, and wireless sync features that the big companies have without the upfront costs of server hardware and software and without the unknown expense of technical support.

Stanton Street's hosted Exchange solution provides everything you need:

- Outlook desktop application
- SPAM Filtering
- Anti-Virus Protection
- Domain-Level White Listing
- Committed uptime 99.9%
- 500 MB storage per mailbox, flexible per client needs
- Universal, synchronized access via desktop, webmail and mobile
- Mobility enabled: ActiveSync and Blackberry Wireless add-on available

Experience

Stanton Street has extensive experience in web development and design and remains committed to using the most current technologies and tools. Through the years, we have established many practical solutions to aid businesses – whether simply recommending a website design change or building a custom application using third party software. Stanton Street takes pride in helping clients obtain Net Results.

Need more than a hosted exchange? Find out what Stanton Street can do for your business or organization. Call us today at: (915) 351-8440.
