

## JOB DESCRIPTION: BACKEND WEB DEVELOPER

We're looking for a Backend Web Developer who can develop websites, manage databases and maintain servers. This individual will work closely with the creative director, client services, and other developers to ensure each project meets specified requirements, timelines and budgets.

The ideal candidate should have coding, troubleshooting and knowledge of server-side applications and processes. This position also requires someone with a positive attitude, attention to detail, kick-ass work ethic and the ability to adapt. Bonus points if you bring Twinkies and have deep knowledge of the upside-down.

### PRINCIPAL RESPONSIBILITIES

#### Programming & Technical

- Develop new websites and applications based on user requirements as indicated in the scope of work, wireframes and/or sitemap documents
- Ensure projects are built to meet performance, security, and functional requirements
- Create HTML/CSS from website mock-ups/wireframes
- Maintain existing websites, databases, e-mail accounts/setup requests
- Configure and manage DNS, SSL certificates and servers
- Review client requests and provide estimates for quotes
- Multi-task a workload of projects, support tickets and requests for in-office ridiculousness such as marshmallow eating contests.
- Other duties as assigned by management

### QUALIFICATIONS

#### Required Skills & Experience

- Bachelor's Degree in Computer Science, Web Design, Interactive Media or minimum of two years' work experience is preferred
- Intermediate to advanced understanding of PHP, CSS/HTML, JavaScript, JQuery (and/or similar JS libraries), MySQL (or other database management systems), ASP and web servers (ISS/Apache), DNS management
- Knowledge of accessibility and security compliance
- Strong troubleshooting & debugging skills
- Punctuality, a strong work ethic, and the ability to crush deadlines
- Ability to establish and maintain positive relationships with clients, co-workers
- Ability to uphold the values and vision of Stanton Street at the office and in public
